

DID YOU KNOW?

Are you aware of your obligations as a lift owner?

- All lift owners have responsibilities under Australian Standard AS1735.16 Appendix A to regularly maintain their lift.
- AS1735.16 states a safety test is to be undertaken once a year.
- State Government legislation in Victoria under the Equipment (Public Safety) Act 1994 demands that all lifts must be maintained on a regular basis.
- Copies of your service history can be requested by Work Safe Inspectors

Is your lift safe, and operating in accordance with the manufacturers specifications?

At Lift Sales your Safety is our Priority

At Lift Sales we can provide the lift owner with the following services

- Compliant Annual Safety Check and Test
- Fully documented regular Routine Service Program in accordance with Australian Standards.
- Qualified Hazard and Risk Assessors.
- Fully trained Lift Mechanics.
